Application/Permit to Construct, Maintain and Operate Utility Facilities within Village Right-Of-Way

PERMIT FEE

A Permit Fee is required when submitting this application to install facilities. Please note appropriate fee for size of project as listed on Application.

RESTORATION BOND

The Applicant shall furnish a surety bond in the amount of \$10,000.00 as security for the completion of all site restoration after utility installation is complete. The bond will cover any projects completed by the applicant in the Village during the calendar year. Applicants exempt under Stat. 66.045 (6) are not required to furnish a restoration bond.

INSURANCE

The Applicant shall provide the following liability insurance while working in the Village of Ashwaubenon. A copy of the insurance certificate shall be provided with the permit application.

General Aggregate: \$1,000,000.00

Products/Completed Operations Aggregate: \$1,000,000.00

Personal and Advertising Injury Limit: \$500,000.00, an each occurrence limit of \$500,000.00

Fire Damage Limit: \$50,000.00, any one fire

Medical Expense Limit: \$5,000.00, any one person

Motor Vehicle Liability Policy: \$500,000.00, combined single limit

Umbrella Liability Insurance: \$1,000,000.00

The Village of Ashwaubenon shall be named as additional insured for any permitted work.
A 30-day Notice of Cancellation shall be provided for the insurance policy.

AS-BUILTS

An electronic copy of all as-builts shall be sent to the Village at the following E-Mail Address: dmartin@ashwaubenon.com or sbirr@ashwaubenon.com. The Applicant shall contact the Village of Ashwaubenon Public Works Department, GIS/CAD Division, (Francine Roberg 920-492-2308) to determine the acceptable file format for all as-built drawings.

SPECIAL PROVISIONS

The following Special Provisions shall be included as part of the Village of Ashwaubenon Right-of Way Permit. Failure to follow the Special Provisions will be subject to enforcement under Sections 19-74 to 19-97 of the Village of Ashwaubenon Municipal Code:

- 1) A drawing showing the proposed utility work shall be submitted with the permit application.
- 2) The Applicant is responsible for contacting and coordinating utility locates through Digger's Hotline. If any utility work is within 350 feet of any signalized intersection, the Applicant must contact the Brown County Highway Department (920-492-4925) for locates.
- 3) The Applicant shall notify the properties affected by the permitted work through delivery of door hangers or letters three (3) working days, not including Saturday, Sunday or holidays, prior to commencing work.
- 4) All operations shall be performed without obstructing or closing all or any part of any Village arterial roadways unless specifically **approved by the Village**.
- 5) Work zone signing and barricading shall be in accordance with Part VI of the Manual on Uniform Traffic Control Devices (MUTCD).
- 6) Erosion control measures shall be in place prior to the start of any work in the right-of-way. The erosion control measures shall comply with the Wisconsin Department of Natural Resources Technical Standards and the Village erosion control ordinance (Section 5-770).
- 7) Operations and safety precautions pertinent to any trenching, tunneling, or excavation activities shall comply with the requirements of all applicable regulations and codes, but not limited to those of the Wisconsin Department of Workforce Development or OSHA standards.
- 8) The permitted utility work shall maintain, if possible, a minimum three (3) foot horizontal and vertical clearance from all sewers, water mains, and related Village facilities.
- 9) On rural roadways, new utilities will be restricted from being located in a roadway-signing zone consisting of 6 to 12 feet from the edge of pavement. On urban streets, the restricted signing zone is located from the back-of-curb to a distance of 8 feet. Exemptions to this provision may be granted pending the submittal of information indicating all other available right-of-way is occupied.
- 10) All facilities located in the Village right-of-way, both above and below ground, including the roadway pavement, curb and gutter, ditches, culverts, slopes, signs, traffic signals, etc., damaged or disturbed by the permitted work shall be restored promptly. Damage to any portion of an asphalt travel lane will require replacement with hot-mix asphalt per Village standards. Replacement of concrete pavement will be reviewed and approved by the Village prior to the start of the permitted work. Disturbed turf areas shall be restored with topsoil, seed and mulch as a minimum. If the disturbed area is within a ditch, mulch shall be replaced with erosion matting. If restoration is not carried out in a timely manner, the Village may issue a notice setting forth a time-certain, by which the restoration must be completed. If the applicant fails to complete all restoration within the time established, the Village will arrange directly for all necessary restorations, and all costs associated with such restorations shall be paid from the applicant's **restoration bond**.
