

ASHLAND POND CONSTRUCTION UPDATE 6/8/16:

With the 2016 construction of the Ashland Storm Water Retention Pond on parcel VA-67-9 (former Sky Lit Motel site), the Village would like to present the following update in terms of construction:

RC Excavating, Inc. has been completing the pond excavation over the past several weeks. That effort is anticipated to be completed this week.

DeGroot Inc. will be in next week to install the storm sewer lines that will be brought into and out of the pond. Fencing will be installed shortly after with landscaping to follow.

All work is scheduled to be completed by July 1.
